LEO BERBEE DAFFODILS IN DUBLIN'S SCIOTO PARK

Each year, a hillside transforms into a vibrant sea of yellow, carpeting the slope that leads up towards the park's iconic limestone sculpture of the Wyandot Chief Leatherlips. Many thanks to Dublin, Ohio's Parks and Recreation Department for partnering with Leo Berbee to bring floral beauty to communities.

I take pride in creating vibrant spaces that our community can enjoy year-round. Leo Berbee Bulb Company is an essential part of that - every bulb we plant is a promise of color, and joy, that brings people together!

### Substitutions

Demand for some varieties is very high and farm shortages may occur, so we may be faced with making a choice on your behalf. We thank you for trusting us to select varieties of the same class and/or color group. If you have a preference for the type of subs you would like to receive, please note "sub by class" or "sub by color" in the comment section of the order form. We do understand there are times that an alternate variety is not desired. If this is the case, please indicate "No Subs" when you submit your order.
